CORE SKILLS

Software Development	Quality Assurance
Web Development	Problem Solving
Mobile Development	Team Collaboration
Game Development	Time Management
Manual Testing	
Debugging	

TECHNICAL SKILLS

Programming Languages

- JavaScript
- Dart
- PHP
- GDScript

Frameworks & Technologies

- Flutter
- Bootstrap
- HTML5
- jQuery
- CSS3
- Godot Engine

Tools

- Git
- phpMyAdmin
- VS Code
- Canva
- Android Studio

WORK EXPERIENCE

May 2026 to July 2026

LinkedIn Outreach Specialist

Silver Crest

- Conducted cold outreach on LinkedIn by connecting with CEOs, COOs, founders, hiring managers, and other decision-makers.
- Sent personalized connection requests and followed up with approved outreach scripts after connections were accepted.
- Researched target companies and prospects to improve outreach relevance and engagement.
- Consistently met daily outreach targets while supporting lead generation and sales pipeline growth.

January 2026 to May 2026

Game Developer Intern

GoCrayons Digital Inc.

- Designed, developed, and tested 10+ complete 2D game projects using Godot Engine and GDScript during a five-month internship.
- Built more than 7 core gameplay features, including player controls, UI elements, scene transitions, collision detection, and interactive mechanics.
- Performed manual testing across 10+ test cases, identifying gameplay issues, UI bugs, and functional defects before release.
- Documented 30+ bug reports with detailed reproduction steps, helping developers resolve issues more efficiently.
- Verified fixes for 89% of reported defects before deployment, contributing to improved software quality.
- Reduced recurring gameplay issues by approximately 10% through continuous testing, debugging, and optimization.
- Collaborated with a team of developers and designers to deliver projects on schedule while meeting quality standards.
